Why Do We Go To Church?

We know that church is important, but why do we need to go to church? With online access to any sermon anywhere in the world with a click of a button, why does it matter that we are connected to a local body of believers? In this five-session series, author and pastor Ben Stuart explores what the church is, the significance of reading the Bible together, the value and purpose of the sacraments, and what genuine and faithful community looks like.

RightNow Media is a platform that offers over 20,000 Biblically-based videos for small groups, families, students, & leadership development & is a free gift from CFC to our CFC Family. If you would like an invitation to join RightNow Media, please contact Kelly Roth.
